License Cost Comparison

Single Workstation or Agency Discounted

- 5 Single Workstation Licenses = **$58,400**

    $13,000 + (4 * $11,350)

- 6 Single Workstation Licenses = **$69,750**

- Agency Discount ~ ½ Cost of Single Workstation

- Real example:
    - 4 Agency Discounted Seats sponsored by Agency A
    - 2 Agency Discounted Seats sponsored by Agency B
    - 2 Agency Discounted Seats sponsored by Agency C
    - 1 Agency Discounted Seats sponsored by Agency D

Total Cost = **$61,650**

Do the math!

Non-Member Unlimited

- Without database hosting = **$65,750**

Reminders

Upon ordering the software and the order being marked "Completed" on the AASHTOWare store, you should receive a license support ticket e-mail within 3 business days from jira@aashtobrdr.atlassian.net. This e-mail will be sent to the End-User Designee (EUD) and Shipping Designee (SD). If you are NOT the EUD or SD, you will need to communicate with the appropriate contact within your organization.

TIP!

If more than one person needs access to the license support ticket, please consider creating an e-mail distribution group within your organization, and use that e-mail address as your EUD.

The licensing support ticket contains the following:
- **AASHTOWare Order Number**
- **License information**
- **The latest BrDR software download and instructions**

No action is needed on your end if this is a license renewal. If this is a new license, please enter the new license information into the Bridge Design & Rating Software Manage License Window.

If you have any other license or installation questions or issues, please contact BrDR@promiles.com for support
